Culinary Arts

This is an introductory food production class for youth interested in the culinary food production industry. Topics include the theories and methods of cooking, vocabulary, and the development of safe and sanitary kitchen practices. This is an introductory food production class for students interested in the culinary field. Topics include the theories and methods of cooking, vocabulary, and the development of safe and sanitary kitchen practices. Production items will include vegetable and starch preparation, stocks and soups, and egg cookery. **\$230 (includes \$100 lab fee)**

Syn #79332, Monday-Friday, June 30-July 25, 8:30-10:45am (Ages 14-15)

Syn #79345, Monday-Friday, June 30-July 25, 8:30-10:45am (Ages 16-18)

Language Arts/Writing Review

This course will focus on the verbal/writing portion of the SAT and will provide a creative format for practicing important reading and writing skills. It will focus on maintenance of skills learned during the school year.

Topics will include: Inference, cause/effect, important details, main idea, sequencing, authors purpose, prefixes, suffixes, multiple meaning words, capitalization, spelling, punctuation, usage. **\$80 (includes a \$30 lab fee)**

Syn #79331, Monday-Friday, June 30-July 11, 11:00am-12:30pm (Ages 14-15)

Syn #79347, Monday-Friday, June 30-July 11, 11:00am-12:20pm (Ages 16-18)

Math Review

This course will focus on the math portion of the SAT and will also focus on reviewing concepts learned during the previous school year. Topics may include: Measurement and Geometry Proportion and Percent; Statistics and Probability; Factoring and Rational Expressions; Functions, Graphing, and Systems of Equations. Materials needed: graphing calculator. **\$85 (includes a \$30 lab fee)**

Syn #79349, Monday-Friday, July 14-25, 11:00am-12:30pm (Ages 14-15)

Syn #79346, Monday-Friday, July 14-25, 11:00am-12:30pm (Ages 16-18)

Summer 2014 Youth Courses

Adventures in learning for kids

We help your child reach their full potential and put the fun back in learning!

Assessment Testing

To ensure our students are placed in the appropriate level based on their knowledge base, assessment testing online is required. One week after the student has registered and paid for the Language Arts or Math classes, they are to go to: www.myskillstutor.com
Your user name will be the first letter of your first name and your full last name (ex: Jane Doe – jdoe)

Password: pgcc

Site: pgcc01

Take all applicable **PRETESTS (ONLY)**

Eat Lunch With Us

If your child attends a full-day program, send the child to us with a bag lunch and juice from home. Refrigeration is not provided so pack food that is safe to store at room temperature. Lunches should be ready-to-eat as children may not have access to a microwave or vending machines. All students will eat in the PGCC Hollow Tree where they will be supervised by college staff.

Registration (Walk-In Registration Only)

For each child attending, please complete the Course Registration Form, the mandatory Health Information Form, and Permission Form—all found in the back of this booklet. Bring the forms and an original, current report card, and full payment to:

Admissions Office, Bladen Hall, Room 126

Prince George's Community College, 301 Largo Rd., Largo, MD 20774

Open for registration Monday–Thursday, 8:30am–7:30pm and Friday, 8:30am–4:30pm

Students will not be registered without the required forms.

Space is limited, so register early. Avoid disappointment by registering your child at least two weeks before the class start date.

Refund Policy

No refund will be given after the class begins. If a course is canceled due to insufficient enrollment, a refund will be automatically mailed/credited within 14 days.

Summer Youth Courses 2014 Class Descriptions

These courses are designed for students leaving grades 2-12 during the 2013-14 school year. All classes meet Monday-Friday. Continuing Education's enrichment courses offer intellectually challenging and stimulating opportunities for the motivated youngster in a college setting combined with fun, interest-based activities.

Register the students for the grade level they have **completed**.

YTH-461 App Attack! Make Your First Game App (Grades 2-8)

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized game development tool, students will explore the world of phone-based and tablet applications. In addition to learning the basics of mobile app design and game development, you will also see firsthand how the world of App's publishing functions. Student created apps will be accessible on a private site and can be played on any mobile device or computer. Parents may choose to publish apps if certain criteria are met and final decisions are the sole discretion of Apple or Google. No prior experience is necessary and students do not need to own a smartphone or tablet to take the class. Offered in cooperation with Black Rocket Productions, LLC

\$110 (includes a \$75 lab fee)

YTH-459 App Adventures! The Next Level (Grades 2-8)

Continue your quest to make the next viral app! Whether you want to move past the basic techniques learned in *App Attack* or want to jump right in, we are ready for you! All students will choose from a selection of different mobile app types and explore more in depth programming concepts. Student created apps will be accessible on a private site and can be played on any mobile device or computer. Parents may choose to publish apps if certain criteria are met and final decisions are the sole discretion of Apple or Google. No prior experience is necessary and students do not need to own a smart phone or tablet to take the class. Offered in cooperation with Black Rocket Productions, LLC **\$105 (includes a \$75 lab fee)**

YTH-464 Baking for Kids: Cupcakes and Cakes

(Grades 2-8)

Eating cupcakes is fun, but they taste much better if you decorated them yourself? Learn how to decorate cakes and cupcakes with fun and pizzazz. Make your own icing, learn a few techniques using pastry bags and decorating tips. **\$95 (includes \$50 lab fee)**

YTH-457 Big Thinking for Positive Results 3

(Grades 5-8)

Personal Positive Development (PPD) will allow students to play an active and central role in their own development, while teaching them to understand and intervene in their own thinking, behaving and creation of realistic goals. Activities are designed to engage students while teaching skills, techniques, and strategies for being pro-active in their home and school communities. Students will have an opportunity to examine their relationships and their perceived opinions of themselves in an effort to achieve self-acceptance, self-reliance, and self-efficacy. **\$70 (includes a \$25 lab fee)**

YTH/SKB Culinary Arts (Grades 9-12)

This is an introductory food production class for youth interested in the culinary food production industry. Topics include the theories and methods of cooking, vocabulary, and the development of safe and sanitary kitchen practices. Production items will include vegetable and starch preparation, stocks and soups, and egg cookery, beef, pork and poultry items, vegetables and starches. **\$230 (includes \$100 lab fee)**

YTH-440 Introduction to Jewelry Design

(Grades 6-8)

Discover jewelry design basics including jewelry and beading technology, basic beading techniques, using crimp beads, beading wire, and various findings such as head pins, eye pins, and earrings. You will learn in detail how to attach closures and complete a jewelry piece. Discussion and demonstration of the use of different tools will also be addressed. Feel free to bring any assortment of gemstones and beads, and even an unfinished project is welcome. Toolkits and materials to complete two projects will be provided. **\$85 (includes \$50 lab fee)**

YTH-441 Language Arts Elementary (Grades 2/3)

This course provides a creative format for practicing important reading and writing skills. It will focus on maintenance of skills learned during the school year. Topic will include capitalization, punctuation, language

mechanics, sentence structure, language usage, spelling, vocabulary and comprehension.

\$145 (includes a \$50 lab fee)

YTH-442 Language Arts Elementary (Grade 4/5)

This course provides a creative format for practicing important reading and writing skills. It will focus on maintenance of skills learned during the school year. Topics will include: Inference, cause/effect, Main idea, Sequencing, prefixes, suffixes, multiple meaning words, capitalization, spelling, punctuation, usage **\$145 (includes a \$50 lab fee)**

YTH-443 Language Arts Middle (Grades 6-8)

This course provides a creative format for practicing important reading and writing skills. It will focus on maintenance of skills learned during the school year. Topics will include: Inference, cause/effect, important details, main idea, sequencing, authors purpose, prefixes, suffixes, multiple meaning words, capitalization, spelling, punctuation, usage. **\$145 (includes a \$50 lab fee)**

SKB/YTH. Language Arts/Writing Review (Grades 9-12)

This course will focus on the verbal/writing portion of the SAT and will provide a creative format for practicing important reading and writing skills. It will focus on maintenance of skills learned during the school year. Topics will include: Inference, cause/effect, important details, main idea, sequencing, authors purpose, prefixes, suffixes, multiple meaning words, capitalization, spelling, punctuation, usage. **\$80 (includes a \$30 lab fee)**

YTH-328 So You Want To Be a Lawyer/Mock Trial

Learn what it takes to become an attorney. Explore concepts of the American legal system and hone your debating skills and practice using logic to reenact a mock trial. **\$75 (includes a \$30 lab fee)**

YTH-432 Math Elementary (Grade 2)

This class will focus on reviewing concepts learned during the previous school year. Topics may include: Patterns, problem solving of addition, subtraction, money, time, fractions, measurement and multiplication. **\$155 (includes a \$50 lab fee)**

YTH-432 Math Elementary (Grades 3/4)

This class will on focus reviewing concepts learned during the previous school year. Topics may include: Place value, comparing and ordering numbers, addition, and subtraction facts, estimation, one and two digit divisors and multipliers, geometric figures, decimals, fraction and percentages. **\$155 (includes a \$50 lab fee)**

YTH-448 Math: Basic Math (Grades 5/6)

This class will focus reviewing concepts learned during the previous school year. Topics may include: Place value, comparing and ordering numbers, addition, and subtraction facts, estimation, one and two digit divisors and multipliers, geometric figures, decimals, fraction and percentages. **\$155 (includes a \$50 lab fee)**

YTH-449 Math: Pre-Algebra (Grade 7)

This class will focus on reviewing concepts learned during the previous school year. It reinforces arithmetic skills, developing the pre-algebra concepts of variable recognition, signed numbers, formulas and single variable equations. Topics may include an introduction to algebraic symbolism, simplifying expressions, solutions to elementary equations, and the graphic representations associated with variables. **\$155 (includes a \$50 lab fee)**

YTH-454 Math: Basic Algebra (Grade 8)

This class will focus on reviewing concepts learned during the previous school year. It will emphasize the principles of algebra. Topics may include algebraic symbolism, simplifying complex expressions, solutions to linear and quadratic equations, and graphic representations associated with variables. Students will apply algebraic representations to word problems and analyze the nature of changes in linear and non-linear relationships. **\$155 (includes a \$55 lab fee)**

SKB/YTH. Math Review (Grades 9-12)

This course will focus on the math portion of the SAT and will also focus on reviewing concepts learned during the previous school year. Topics may include: Measurement and Geometry Proportion and Percent; Statistics and Probability; Factoring and Rational Expressions; Functions, Graphing, and Systems of Equations. Materials needed: graphing calculator. **\$80 (includes a \$30 lab fee)**

YTH-365 Photography (Grades 2-8)

In this class students will be shown how to use a digital camera. Topics will include the fundamental elements of aperture, shutter speed and International Organization for Standardization (ISO) speed. Students will be introduced to composition and lighting, digital pixel displays of images and controlling the composition of depth. Please bring your own camera to class. **\$75 (includes a \$30 lab fee)**

YTH-451 Science: Exploring Biology - for Middle (Grades 6-8)

Explore your biological world through specialized hands-on lab experiences taught by college professors. Topics may include: dichotomous keying, natural selection, introduction to the microscope, owl pellet study, and microbiology. **\$85 (includes a \$30 lab fee)**

YTH-416 Sign Language: Let your fingers do the Talking (Grades 2-5)

“Talk” to friends or relatives (or each other) using your hands. Common hand signs of American Sign Language are used to introduce this interesting means of communication. **\$85 (includes a \$30 lab fee)**

YTH-377 Spanish (Grades 2-5)

“Buenos dias, amigo.” Enjoy the experience of learning another language. Focus will be on key Spanish words and phrases and the Spanish culture. This class can be used as a refresher for some students and as a beginning course for students with no previous Spanish experience. **\$75 (includes a \$25 lab fee)**

YTH-422 Special Activity: Crafts R’ Us (Grades 2-8)

Create crafts from a variety of common household and inexpensive items. Learn how to produce beautiful gifts for yourself, family and friends. **\$95 (includes a \$50 lab fee)**

YTH-435 Special Activity: Games – Blast from the Past (Grades 2-8)

Ever wanted to learn how to play chess or checkers? Then you will enjoy these extended day activities. You will also be introduced to team and multi-person board games. **\$105 (includes a \$55 lab fee)**

YTH-465 Trendy Fashion Art (Grades 2-5)

Crocheting is an art that is returning. Learn the stitches to make hats and scarves that will go with any outfit. Did you know that duct tape can be used to make anything from a wallet to a purse? Use duct tape to make a project that you will be proud to display. Have any torn or ripped clothing? Maybe it’s missing a button - we’ll teach you how to fix them and then make jewelry to complement your new look! This class includes duct tape art, crocheting, sewing and Jewelry designing. **\$90 (includes \$40 lab fee)**

YTH-463 Urban Art (Grades 5-8)

Explore the use and purpose of art in expressing city life in a variety of media. Use visual art to impact and improve the quality of your schools, neighborhoods and communities; and how murals are used to communicate positive affirmation within your direct community. Students will examine architecture, graffiti-style cartoons, murals, side walk art and grand monuments. Learn about urban artists like, Jacob Lawrence, Romare Bearden, Diego Rivera, and David Macaulay. Through drawings, paintings, and illustrations, you will learn the method and technique of creating the illusion of distance and depth in order to demonstrate a 2 dimensional Perspective drawing with positive affirmation and messages. Learn how Linear Lines, Vertical Lines, Horizontal Lines, Horizon Lines and Vanishing Points are intertwined with Visual Art Concepts. Students will experience the inter-relationship between art and math in creating architectural drawings and illustrations. **\$75 (includes a \$30 lab fee)**

YTH-330 Veterinarian (Grades 2-5)

Explore what it takes to be a good pet owner, animal behavior, how to care for pets, careers that involve working with animals, tricks and tips on grooming and feeding pets. **\$75 (includes a \$30 lab fee)**

YTH-462 Video - Make Your First Video Game! (Grades 2-8)

If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the crucial keys to designing your first 2-D game. Conceptualization, play experience, challenge levels, graphics and elements, music and sound, software, and simple coding are just some of the concepts that we'll explore as you learn how to really get into the game because you made it yourself! No prior experience necessary just a desire to have fun. Student created games will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers, Mac versions can be created after the program for \$15.00 conversion fee. Offered in cooperation with Black Rocket Productions, LLC **\$110 (includes a \$75 lab fee)**

YTH-460 Video Game Animation (Grades 2-8)

Take your game design to the next level by creating and animating your own character sprites, objects, and backgrounds. Start with a name; develop the character's personality, signature moves, special powers, and a story line. Finish with a fully animated character to be used in future games. Students do not need any prior experience in game design, animation, or sketching. Student created animations will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers, Mac versions can be created after the program for \$15.00 conversion fee. Offered in cooperation with Black Rocket Productions, LLC **\$110 (includes a \$75 lab fee)**

Summer Teen Summit on Mediation

**Do you want to become a
TEEN MEDIATOR:**

LAW516-Mediation for Youth

This course is designed for teens, ages 14 to 19 years of age (born after 1999) to earn a Mediation Certificate. Each student will earn 40 or more hours of Service Learning for high school graduation. Students will learn basic mediation skills through lecture, case studies, role playing and supervised mediation examples.

Benefits to students include:

- Earn 40 Service Learning Credits that count toward high school graduation
- Life skills in conflict management
- Become a member of the Maryland Program for Mediator Excellence (MPME)
- Membership with Community Mediation Prince George's (optional)

Cost: \$190.00 (includes a \$125 lab fee)

All classes will be held at the Largo Campus

Syn# 78042, Mon-Fri, July 7-18, 9:00am-3:00pm (14-15 year olds)

Syn# 78054, Mon-Fri, July 7-18, 9:00am-3:00pm (16-19 year olds)

For more Information Call Dr. Nancie Park at (301) 277-5934 X340

CMP-302 Creating a Positive Self Image (Grades 7-12)

Do you want to improve your self-confidence? Do you want to deal with social situations with more confidence? Did you know that in just seven seconds, without a word spoken, others form an opinion about you? Your nonverbal and verbal behavior often defines you, as a person. Learn how to improve your appearance, confidence, and communication skills! **\$95**

Syn# 79896, 3 sessions, Wed, Thurs & Fri, July 8-10, 9:00am-12noon

STUDENT CODE OF CONDUCT

A student enrolling in the college assumes an obligation to conduct himself/herself in a manner compatible with the college's function as an educational institution. Misconduct for which students are subject to discipline generally falls into the following categories:

1. Knowingly furnishing false information to the college by the student's parent or guardian.
2. Conduct that threatens or endangers the health or safety of any person lawfully on college property.
3. Failure to comply with directions of college officials acting in performance of their duties during the program day.

The goal of student discipline is generally deterrence rather than removal of the offending student from the college community. The short term nature of the Youth programs will require a quick, firm response resulting in the following:

- a. Warning: Written notification will be sent to the parent/guardian regarding the nature of the unacceptable behavior the student exhibited. A signed copy of this notice must be returned to the college for the minor student to return to class.
- b. Dismissal: Should a second warning be necessary, the parents will be called to pick up their child immediately. The student will be terminated from the remainder of the Youth program for that summer with no refund.

I will take responsibility for seeing that my child complies with the student code of conduct, and for seeing that my child arrives on campus on time and is picked up promptly at the end of the program. If I fail to do so, I will pay a late fee of \$1.00 for every minute that I am late. Payment is due at time of pick-up. The student will not be allowed to continue in the program until all fees due the college are paid.
