

# SNOW REMOVAL

## PRINCE GEORGE'S COUNTY GOVERNMENT

### In the event of snow, please remember the following:

- Do not park on the street if possible.
- Park only on the EVEN side of the street, if you cannot park off of the street.
- Remember that shoveling and clearing the sidewalk in front of a single family home or business is the responsibility of the homeowner, renter, or business proprietor. Snow needs to be removed within 48 hours. Please don't place snow in the street.
- If your street is not cleared of snow, please use <http://egov.co.pg.md.us/snowtrack/> to let the County know or call (301) 350-0500. Please keep in mind that primary roads are always handled first and then residential streets in a snow storm. A complete guide to the county's snow and ice removal procedures is on my website at <http://www.princegeorgescountymd.gov/district3/>
- The Department of Public Works and Transportation (DPW&T) coordinates a community partners program to better communicate all DPW&T matters with neighborhoods in the County. Community partners also advise DPW&T on roads that are not cleared of snow. For more information on the community partners programs, please call **(301) 883-5600** to become one.

Finally, if you need additional assistance, please do not hesitate to call my office at **301-952-3060**.
